MEMORANDUM

March 15, 1944.

X0040

PD
Mr. Scanlan

Although many of the considerations set forth in Mr. Henderson's memorandum of July 17, 1941 regarding the undesirability of issuing a passport to Mrs. Anna Louise Shubin (Strong) still hold, the improved military situation has removed the principal objection. I don't know on what specific grounds we could refuse the issuance of a passport. As to the question of transportation, however, she must arrange that on her own initiative, and the Department cannot undertake to assist her in this regard.
